- 1986-1988 PhD degree from Dalian Institute of Chemical Physics.
- 1989-1996 Post-doc fellow and visiting professor at:
Louvain-la-Neuve Catholique University (Belgium) ; Northwestern University (USA); The University of Liverpool (UK); JSPS Fellow, Tokyo Institute of Technology (Japan); Universit éPierre et Marie Curie, Paris VI (France).
- 1993- Full professor, Dalian Institute of Chemical Physics
- 1998-2015 Director, State Key Laboratory of Catalysis
- 2003- Member of the Chinese Academy of Sciences
- 2005- Member of the Academy of Sciences for Developing World (TWAS)
- Fellow of Royal Chemical Society
- 2008- Foreign Member of Academia Europaea
- 2008-2012 President of the International Association of Catalysis Societies (IACS)
- 2013- Chairman of the Asia-Pacific Association of Catalysis Societies (APACS)
- 2005-2012 Chairman of the Catalysis Society of China
- 2011- Director, Dalian National Laboratory for Clean Energy

- Published more than 600 peer-reviewed papers with over 13000 citations, granted more than 60 patents and delivered around 100 plenary and invited lectures at national and international conferences. Under his supervision, more than 100 graduate students have obtained their PhD degrees.

- Among the prestigious awards received:
 - International Catalysis Award (2004);
 - Hong Kong “Qiu-Shi Outstanding Young Scientist Award” (1997);
 - HoLeungHoLee Prize (2005);
 - National Award for Outstanding Young Scientists in China (1998);
 - Outstanding Science and Technology Achievement Prize of the CAS (2005);
 - Natural Science Award of China (2011);
 - National Catalysis Achievement Award of China (2014) etc.

- On the editor boards of more than 15 academic journals including:
 - Chemical Communications (Associate Editor)
 - Journal of Catalysis;
 - Journal of Molecular Catalysis A;
 - Journal of Physical Chemistry C;
 - Chemistry: An Asian Journal;
 - Physical Chemistry and Chemical Physics; etc.

- Distinguished Professor of Hong Kong Baptist University
Invited professor of Universit éPierre et Marie Curie, Paris VI, France
Honorary professor of the University of Queensland, Australia
Honorary professor at 15 universities in China including: Dalian University of Technology; Lanzhou University; Shanxi University; University of Science and Technology of China; Peking University; Tsinghua University; Hunan University; Nanjing University; etc.

Research interests:

Physical Chemistry, Environmental Catalysis, Chiral Catalysis, Photo(electro)catalysis, Biocatalysis, *In-situ* Characterization of Catalytic Reaction, Time-resolved Spectroscopy
